OVERVIEW

Located in Buckeye, Arizona, Buckeye Elementary School District (BESD) is devoted to helping students develop the skills that will support them well in the future, like critical thinking, design, collaboration, and problem solving. BESD believes all students deserve access to the opportunities that best prepare them to adapt and grow in a dynamic world. The district is dedicated to student success through world class education and provide a wide range of educational programs for students with special needs.

"Go Solutions helps ensure all staff have the knowledge and guidance they need to excel at their jobs, especially when it comes to Medicaid reimbursement. The software itself is a 10 out of 10 for me and, to be honest, I can not imagine using anything else. Every month we get an email from Go Solutions to let us know our billing is completed and a run-down of all of our providers — who have billed and who have not. This allows my medical clerk to stay on top of those who haven't billed yet so we don't miss out on any reimbursements."

Dave Lopez, Director of Special Programs

GOALS

**Improve
Communication
with Easy
Reporting**

"The financial reports are my favorite. They're easy to pull and help me track our reimbursements and claims per month, so when I meet with the CFO, I can easily show him how amazing the year has been for us." *-Dave Lopez*

**Increase
Medicaid
Reimbursements**

"Even though we were virtual last year due to the pandemic, we actually surpassed our claims from the year before. So we increased our payout from the year before, too." *-Dave Lopez*

**Become
Compliance &
Audit Ready**

"The annual trainings, along with the compliance reviews, help us make sure we're always staying compliant under the latest regulations. The staff really helps us to understand all the nuances and rules." *-Stephanie Mendoza*

REAL RESULTS FOR BESD

1

Time Savings

Saved time submitting claims for teachers and staff so that they can focus their efforts on helping their students.

2

Increased Knowledge

A go-to source for help and Medicaid consulting is always just a phone call or email away.

3

Maximized Reimbursements

Consistently increased reimbursements month-to-month in the 2021-2022 school year.

4

Data Confidence

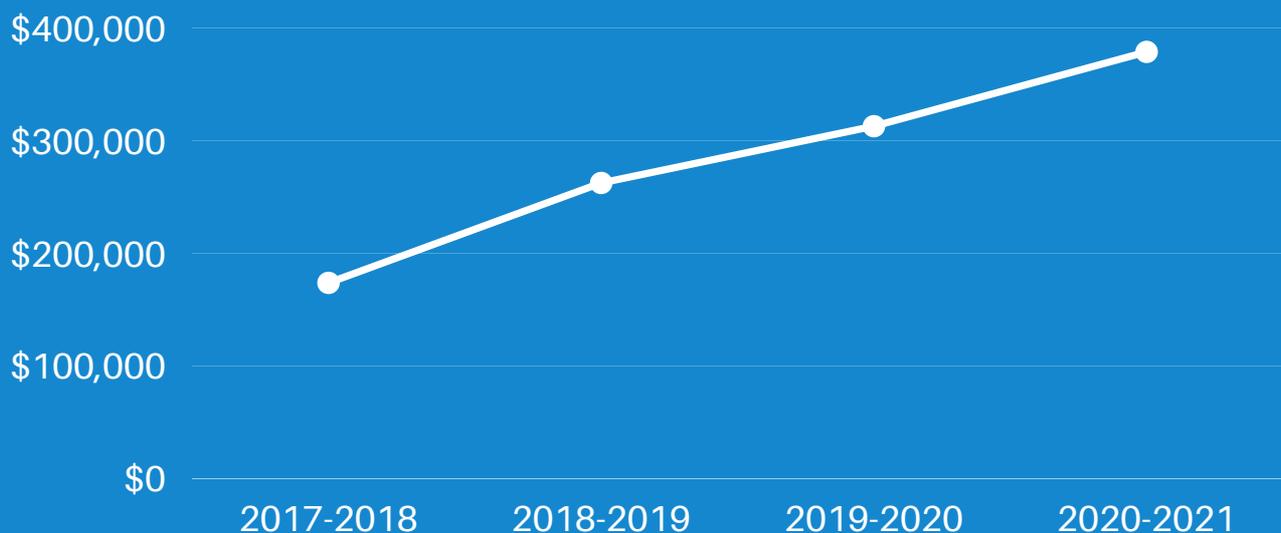

Gained confidence in their data and a better understanding of how to maximize their reimbursements.

"The system manages data really well and is super user friendly. I can manage the Medicaid process all from one place. Once you know how to use it, it is so easy you can use it in your sleep!"
