OVERVIEW

Marshall Public School District is located in the rural town of Marshall, Wisconsin. This setting allows the school district to offer smaller class sizes and more individualized attention per student. At Marshall, parents are given the unique opportunity to become truly involved in their child's education experience from start to finish. Staff at Marshall work with each and every student in a way that best fits the child's individual needs. Through the IEP process, "the student's special education team works together with the family to ensure the child receives the necessary special education services."

Name: Andrea Bertone

Position: Special Education Director

Background information: Andrea previously used GoIDEA™ (formerly known as OASYS) while working as a Speech Therapist and Program Support Teacher at Madison Metropolitan School District. She currently uses GoIDEA in her recent role as a Special Education Director at Marshall.

"I don't see our district ever using anything other than GoIDEA. The staff have been so responsive even when it hasn't been an issue with their system, I have received help from the GoIDEA staff on topics like what to say to DPI in certain situations. I am sold on this system! I loved using it in Madison and I am so happy to be using it here at Marshall."

On Demand Support

"As a SPED Director, I always have a full schedule. I don't necessarily have the time to sit and look through a bunch of online manuals especially when I just need an answer to my question. The speedy response I always get on an email or ticket is what I really love about Go Solutions."

-Andrea Bertone

02

Form Consistency

"A huge benefit is that within GoIDEA, the forms are mirroring whatever shifts or changes take place on DPI forms. This is a big win for us especially if our district gets audited. Overall there's an ease and a consistency across the districts that I think is super beneficial."

-Andrea Bertone

Constant Innovation

"Over the last five years I have seen so many improvements, the system is constantly getting better. For example even just little changes you make with the linking form have helped save my staff time."

-Andrea Bertone

"Getting the support I need when I need it is invaluable to me. I couldn't be happier with Go Solutions!"
